OUR FORMER BUSINESS OWNERS AGREE

“ The transition to becoming USS employees was a smooth process for my team, especially because the local USS team was on site with them in the early days. Everyone got a raise and was able to get health insurance that they didn't have before. ”

“ After our non-disclosure agreement was signed, the process moved quickly. The timeline was clear from the beginning and the USS team held up their end of the bargain. Everything happened when they said it would. ”
